

**DIRECTIONS:** Take 1 serving a day with a meal. Cycle use: after 1-3 months on, take at least 1 month off. Use this product in conjunction with food as part of a healthy, balanced diet, not as a substitute for such.

DAA PRO contains the popular D-Aspartic Acid (DAA) with N,N-Dimethylglycine, Zinc and Pantothenic Acid. Zinc is used, because it helps with the maintenance of normal testosterone levels in the blood, contributes to fertility and reproduction, and has a role in normal protein synthesis! Pantothenic Acid contributes to the normal synthesis and metabolism of steroid hormones, Vitamin D and some neurotransmitters, and also supports the reduction of tiredness and fatigue.\*

DAA supplementation already has great popularity among bodybuilders and athletes, who stay away from the illegal use of anabolic steroids! And why not use our legal, complex DAA formula that features scientifically proven key ingredients?

*\*These statements have been scientifically proven by the European Food Safety Authority (EFSA) and authorized by the European Commission (EC).*

**Allergen info:** Manufactured in a facility that processes milk, soy and egg proteins, and gluten, peanuts!

**WARNINGS:** If you're using medications or have any health issues, consult your health practitioner prior to use! Don't use if pregnant, nursing or under the age of 18. KEEP OUT OF REACH OF CHILDREN! Don't exceed the recommended daily dosage!

**Store in a cool, dry place. Heat and sunlight may damage the bottle!**

**Best before end:** see on packaging

**Batch number:** see on packaging
